

Guideline for Course and Students' Learning Survey, Summer Semester 2018

Research & Development Center for Higher Education
Hitotsubashi University

Hitotsubashi University evaluates the Course and Students' Learning Survey for undergraduate courses. Beginning this semester, the survey will be carried out using 'manaba' ("Course Evaluation" on the manaba system), so please familiarize yourself with the procedure, which will follow the guidelines listed below.

- **Survey period :**

June 29 (Fri), 2018 – August 3 (Fri), 2018

- **Courses covered by the survey**

All undergraduate courses for spring and summer quarters /summer intensive courses 2018 are subject to being surveyed. (Courses with just a few students can be excluded. (less than 20))

- **How to survey**

- Leave 10 minutes in class for the survey as you have done with paper forms previously and encourage the students to answer questions online so that we can obtain as many survey as possible.
- In Principal, the survey should be conducted during the last class before the exam.
- You may administer it before that time or during the exam period (just before or after the exam).

- **Courses with two or more instructors (Except for "PACE")**

The survey is carried out by course, one survey for one course. If the course is taught by two or more instructors, please contact with each other to ensure that the survey is conducted by one of them.

- **Answer submission**

The survey answers can be submitted only once and they cannot be changed once the survey has submitted. So, please be careful and with the timing if you want to add extra questions.

- **Survey results and feedback**

- The survey results can be checked on a real-time basis. (see the Course Evaluation manual)
- Once the survey period is over, the survey results and comments will be circulated through manaba in PDF form to all instructors and students.
- Please remember that access to manaba will become invalid when 60 days have passed after you have resigned.
- The survey results (except comments) will be made public through the University Library etc.

- **Feedback from instructors (see the Course Evaluation manual)**

Instructors can feed back on the survey results through manaba (the Collect Assignment page).

● Additional questions by the instructor

Instructors' personal questions also can be added Q15-Q18. Questions can be presented by writing them on a blackboard, or distributed with a handout. Please note that these questions will not be shown on the survey results, so please keep them by yourself.

● Comments

A comment space is provided so that students can write any comments and opinions on the course, but the instructors can also indicate a specific theme on which they wish to receive feedback from the students. You may encourage students to write as many comments as possible.

If you have any further inquiries, please feel free to contact the Research & Development Center for Higher Education (Isizaki/Yui).

Announcing students about the course evaluation

—Notice to be given students prior to the date of the course evaluation—

- At the next class, we will be doing a course evaluation on manaba. Please bring your smartphone or tablet. If you don't have one, please answer using either your own computer or the school computer (Computer Education Building, Library and East Study Room). You may answer earlier if you have time.
Our Vice President has asked me to inform you that the survey will not identify students as individuals, but please do not use offensive words in expressing your opinions."

—On the day of the course evaluation—

*If you have more than 200 students, divide the class in two and do it for the first half in five minutes and the second half in another five minutes so that students can get better access to the web system.

- Today we are doing the course evaluation on manaba. Our vice president has asked me to inform you that the survey will not identify students as individuals, but please do not use offensive words in expressing your opinions.
- If you don't have a tablet or if you have already answered the survey, you may leave.
- First, go to the Hitotsubashi University Home Page. Then, click on Current Students and login to manaba.
- Click on the course evaluation located in Specific Assignments/Surveys at the top of manaba My Page.
- Select our course title from the course evaluation list in Specific Assignments/Surveys.
- Click Start and answer questions.
- Please be sure to click Submit to finalize your submission.

Teachers, please leave your class room after reading instructions 2 through 8.
